How Do We Serve You?

The process of selling real estate involves many steps and it begins with you - when you contact us. Here's all you need to do:

- You contact us by phone or email or by using our handy email form.
- You provide the address or tax parcel number of the real estate you wish to sell

Here's some of the work that we do to make sure your house is listed at the best price and includes all the information for buyers and Realtors who are working with buyers:

- We research the title
- We perform market research and compile the information using comparable properties that have sold and that are currently for sale (your competition) and
- We create a Comparative Market Analysis Report (CMA) and establish a market price
- We meet with you to discuss the information in our CMA and to list your property. If you're not in the Port Townsend area, we easily provide the information via email and phone conversations.

Our Marketing Plan includes the following:

👉 Your property is listed in the Multiple Listing Service - the Northwest Multiple Listing Service for the local market and the Seattle area (all of Puget Sound)

👉 Your property is toured by the agents in the MLS

👉 Your property is advertised on all these websites:

1. Our award-winning main website: www.porttownsendrealestate.net (the one you're visiting now). We receive an average of over 200 visits per day to this website. This is our strongest marketing tool, and it brings us approximately 50% of our clients. Our website is on the first page of results in Google, Yahoo, and MSN.
2. Coldwell Banker Best Homes: www.coldwellbankerbesthomes.com
3. Coldwell Banker International - the largest international real estate company in the world: www.coldwellbanker.com
4. The hottest generic real estate website, where we pay for additional highlights on all of our listings posted: www.realtor.com
5. www.zillow.com - We pay for additional highlights on all of our listings posted with Premium Agent status.
6. Trulia - www.trulia.com - We have JUST invested in the Premier top slot for highlighting our office listings! They will show up with highlights featuring Coldwell Banker to bring attention to your home/property.
7. We also share all our listings with other small websites like www.home.com and more

👉 **We are investing in special advertising for homes participating in the Coldwell Banker HomeBuyer Ready program.** It sets your home apart from the others by giving potential buyers the information they need and want to confidently purchase your property. program! Ask us for details.

👉 **All listings are featured with photos and descriptions on YouTube,** as well as the MLS and our own website.

👉 **All listings are featured with Circle Pix Virtual Tours**

👉 **We provide flyers with full information about your property on the sturdy sign we place on your property.** This on-site sign is important for those potential buyers who are driving by your property, perhaps after having seen it on the internet.

👉 **All listings will have a Home Book with details**

👉 **We market to all the neighbors in your area.** People like to have a say in what happens in their neighborhood, and they're always willing to help sell homes near theirs to friends and family in order to have people they want as their new neighbors.

👉 **QR Codes** are on our listing flyers so potential buyers have easy, direct access to information about your property on our website. The client simply takes a photo of the QR Code with their Smartphone and it takes them directly to your listing! This is a green feature, allowing for less paper usage. We are all about the environment here!

👉 **We have extensive short Sales and Foreclosure experience** in working with the banks to help save your credit and get your home sold before a foreclosure.

👉 **In this market you need strong marketing and negotiating skills** and you have the Carol Wise team working on your behalf to make it happen for you.
